Title and Eligibility Considerations

Project Title

* Enter Title here:

Do not exceed 75 characters.

Eligibility Requirements

- Applicants for this award must hold an M.D., Ph.D. and/or equivalent degree (e.g., MBBB, M.D./Ph.D., D.O.) and hold a clinical or postdoctoral fellow position at an institution in North America (United States, Canada, or Mexico).
  - Clinical fellows must be in the final year of fellowship training or those in the year following the end of their fellowship training at the time of application.
  - Postdoctoral fellows must have at least four years and fewer than six years of postdoctoral research at the time of application and be actively preparing to seek faculty positions before this award concludes.
  - Postdoctoral applicants must clearly describe their plan for establishing scientific independence from their current mentor(s) and plans— including timeline— for applying to faculty positions.
- AGA membership is required at the time of application submission. Applicants must also have a mentor who is an AGA member at the time of submission. Please visit the AGA membership page or call 301-654-2055 for membership information.
- Applicants who are physician-scientists, female or from racial/ethnic groups underrepresented in biomedical research are strongly encouraged to apply.
- Applicants performing exclusively basic research are ineligible.
- Applicants who have existing commitments for permanent faculty positions prior to the start date of the award are ineligible.
- Fellowship-to-faculty transition award applicants are ineligible for an AGA Research Scholar Award in the same awards cycle.

* Are you currently a clinical fellow or postdoctoral fellow at an institution in North America (United States, Canada or Mexico)?

Please select:

NOTE: If you are not currently a clinical or postdoctoral fellow at an institution in North America, you are ineligible to apply and should not continue further with this application. Please reach out to awards@gastro.org with any questions.

* Do you fit within the fellowship/training categories eligible for this award?

Please select:

NOTE: If you answer "No" to this question, you are ineligible to apply and should not continue further with this application. Please reach out to awards@gastro.org with any questions.

Resubmission Status

* Have you previously submitted this proposal to AGA for funding?

- Yes
- No

NOTE: If this proposal is a resubmission, you must submit a Resubmission Report in Section 12: Required Uploads.

Principal Investigator Disclosure Statement

Applicants must disclose any arrangements or relationships relevant to the submitted proposal. These may include arrangements or relationships with:

- A company whose product is featured prominently in the submitted proposal.
- A company making a competing product to one that is featured prominently in the submitted proposal.
- Any organization or entity connected to this funding opportunity (e.g., as noted in the award title or funding acknowledgments).

* Do you have any arrangements or relationships to disclose?

☐ No, I do not have any arrangements or relationships to disclose.

☐ Yes, I have arrangements or relationships to disclose.

Applicants must disclose any arrangements or relationships relevant to the submitted proposal. These may include arrangements or relationships with: A company whose product is featured prominently in the submitted proposal. A company making a competing product to one that is featured prominently in the submitted proposal. Any organization or entity connected to this funding opportunity (e.g., as noted in the award title or funding acknowledgments).

Disclosures

Type up to 5000 characters

0 out of 5000 characters

In the space above, disclose all relevant arrangements or relationships (e.g., employment, consultancies, honoraria, stock ownership or options, grants or patents received, royalties, or leadership positions).

* Signature

I, the Principal Investigator, certify that I have disclosed all relevant arrangements and relationships that are relevant to this proposal. I understand that failure to disclose relevant arrangements and relationships may result in the immediate termination of my eligibility and/or forfeiture of AGA award funds. By typing my name in the field above I acknowledge that I agree with the above statements.

## Key Personnel

Provide professional information for all members of the project other than the PI. Each Key Personnel entered on this page will receive a personalized confirmation email from Proposal Central.

- All Fellowship-to-Faculty Award applicants are required to have a Mentor. Please provide their biographical sketch and letter of support (limited to two pages). Mentors must have an active AGA membership.
- Letter of support guidelines are found in Section 11: Download Templates & Instructions.
- All Fellowship-to-Faculty Award applicants are required to have a Sponsor (Division Chief or Department Chair) and provide their letter of support (limited to one page). Letter of support guidelines are found in Section 11: Download Templates & Instructions.
- If your Mentor and Sponsor are the same person, please enter their information under each category.

Please note that failing to identify a mentor/sponsor or to supply their associated materials will make the application ineligible for review.

Project Information Overview

Abstract
Provide a summary of the proposed project.

* Abstract
Type up to 2000 characters

Digestive Health Relevance Statement
Describe the relevance of this research to human digestive health in 1250 characters or less. Investigators should describe how, in the short or long term, the proposed research would contribute fundamental knowledge and/or application of that knowledge to enhance digestive health or to reduce illness and disability among patients with digestive disorders.

* Digestive Health Relevance
Type up to 1250 characters

Study Population
Describe and justify your study population in 1500 characters or less. As appropriate based on the type of investigation, include:
- Plans for including sex as a biological variable.
- The age, sex, racial and ethnic demographics of human subjects. For studies involving human data or biospecimens, include demographics of the source population.
- The rationale for selecting a specific model system and lines thereof (for example, cell, organoid, or mouse lines).

* Study Population
Type up to 1500 characters

Clinical Guideline Relevance
Please leave blank if not applicable.
If your project addresses any evidence gaps highlighted in an AGA clinical guideline or clinical practice update, please cite the guidance document and briefly summarize those aspects of the investigation in your statement. You may use up to 1000 characters for this summary.

NOTE: Project relevance to clinical guidance evidence gaps is not used in the evaluation of applications.

* Clinical Guideline Relevance
Type up to 1000 characters
Clinical Guideline Relevance
Please leave blank if not applicable.
If your project addresses any evidence gaps highlighted in an AOA clinical guideline or clinical practice update, please cite the guidance document and briefly summarize those aspects of the investigation in your statement. You may use up to 1000 characters for this summary.

NOTE: Project relevance to clinical guidance evidence gaps is not used in the evaluation of applications.

Clinical Guideline Relevance
Type up to 1000 characters

0 out of 1500 characters

Type of Research
• Clinical Research: Research involving direct contact with human subjects or using clinical data to address problems related to the prevention, diagnosis, treatment, or outcome of human disease (e.g., clinical epidemiology). This category also includes research related to health care delivery (e.g., health services, health IT).
• Translational Research: Research focused on turning observations from the laboratory, clinic, and/or community into interventions that improve diagnostics and therapeutics. This category can involve human biopsies or human data as a resource for laboratory- or informatics-based investigation, or pre-clinical in vivo models provided they directly test human disease-relevant biology.

Applicants performing exclusively basic research are ineligible to apply to the Fellowship-to-Faculty Awards.

* Type of Research
Please select: Clinical Research
Selected Research Type

Area of Research
Select the category that best describes your proposal's area of study.

* Area of Research
Please select: Basic & Clinical Infectious Disorders (BCID)
Cellular & Molecular Gastroenterology (CMG)
Clinical Practice (CP)
Endoscopy, Technology & Imaging (ETI)
Esophageal, Gastric & Duodenal Disorders (EGDD)
Gastrointestinal Oncology (GIONC)
Immunology, Microbiology & Inflammation (IMI)
Liver & Biliary (LB)
Microbiome & Microbial Therapy (MMT)
Selected Area of Research

Keywords
Provide one to five keywords that best describe the proposed research. Separate keywords with commas.

* Keywords:

Organization Assurances

Human Subjects

If the proposed project is funded, a copy of the institutional approval must be provided to AGA prior to funds disbursement. If approval is not necessary, then the recipient must provide documentation from the appropriate regulatory committee.

- Does your project require institutional approval for the use of human subjects?
  - Yes
  - No

- If yes, Status of Institutional Approval:
  - Approved
  - Pending
  - To Be Submitted
  - Exempt
  - Not Applicable

Vertebrate Animals

If the proposed project is funded, a copy of the institutional approval must be provided to AGA prior to funds disbursement. If approval is not necessary, then the recipient must provide documentation from the appropriate regulatory committee.

- Does your project require institutional approval for the use of animals?
  - Yes
  - No

- If yes, status of institutional approval:
  - Approved
  - Pending
  - To Be Submitted
  - Exempt
  - Not Applicable

Budget Period Detail

Budget

Complete a budget for the full term of the award and adhere to the guidelines noted below on allowable and unallowable costs.

This award is intended to support direct research-related activities and may be used to support a new endeavor or an ongoing clinical or translational research project.

The following expenses are allowable:
- Salary and benefits of the principal investigator (i.e., applicant).
- Salary and benefits of research assistants, laboratory technicians or other key personnel.
- Biostatistics, informatics, core facilities or other support necessary for the proposed research.
- Supplies, animals, or other materials necessary for the proposed research.
- Equipment, not to exceed $5,000 per year.

The following expenses are not allowed:
- Salary, benefits or other support for the mentor.
- Indirect costs.
- Travel costs.

Budget Justification Narrative

A budget justification narrative must be submitted in conjunction with your budget. Guidelines and instructions are found in the budget justification template (Section 11: Download Templates & Instructions).

Total Costs: $0.00
Total Direct Costs: $0.00

Period 1
Start Date: 5/1/2025
End Date: 4/30/2026
Period Total Costs: $0.00
Period Direct Costs: $0.00

Personnel Costs

SubTotal: Personnel Costs $0.00

Research Expenditures: Please complete the sections below.
