American Gastroenterological Association
Pilot Research Awards & Augusta Award in Digestive Cancer

Project Title

Enter title here:

Do not exceed 25 characters.

Eligibility Requirements

- Applicants for this award must hold an MD, PhD and/or equivalent degree (e.g., MBBS, MCh, DO) and a full-time faculty or equivalent position at an institution in North America (United States, Canada or Mexico).
- AGA membership is required at the time of application submission. Please visit the AGA membership page or call 301-534-2235 for membership information.
- Applicants performing any type of research (basic, translational, clinical) relevant to digestive disorders are eligible to apply.
- Applicants who are physicians-scientists, female or from racial/ethnic groups underrepresented in biomedical research are strongly encouraged to apply.

Do you currently hold a full-time faculty or equivalent position at an institution in North America (United States, Canada and Mexico)?

Early Career or Established Investigator Status

Are you an Early Career investigator?

AGA defines “early career” as follows:
- MD (or equivalent): No more than seven years have elapsed between the completion of clinical training (i.e., fellowship or equivalent) and the start date of this award (April 2025).
- PhD (or equivalent): No more than seven years have elapsed between conferment of the degree and the start date of this award (April 2025).

NOTE: Early career applicants must have a mentor who supervises the principal investigator’s research activities ensuring timelines and deliverables. You must upload a biosketch and letter of support from your mentor in Section 5: Key Personnel.

NOTE: Applicants at the instructor or assistant professor level are required to submit a letter of recommendation from their division chief or department chair that outlines support of the research project. You must provide the sponsor’s letter of support in Section 5: Key Personnel.

Independent Investigator Funding

Do you currently have, or have you previously had, independent investigator funding?

Independent investigator funding is inclusive of NIH R01 or equivalent grants where you were a principal investigator (PI) or one of a multi-PI team. Mechanisms considered R01 equivalent include D1, D2, D3, R01, R21, R25, R31, R33 and R35 from the NIH and I0 from the VA.

NOTE: Applicants who are independent investigators with established research programs are required to delineate how the proposed aims are unique relative to previous lines of investigation in Section 6: Project Information Overview.

Resubmission Status
Project Title

* Enter title here:
Enter a title here, then press Save.
Do not exceed 75 characters.

Eligibility Requirements

- Applicants for this award must hold an MD, PhD and/or equivalent degree (e.g., MBBS, MChB, DO) and a full-time faculty or equivalent position at an institution in North America (United States, Canada or Mexico).
- AGA membership is required at the time of application submission. Please visit the AGA membership page or call 301-844-2055 for membership information.
- Applicants performing any type of research (basic, translational, clinical) relevant to digestive disorders are eligible to apply.
- Applicants who are physician-scientists, female or from racial/ethnic groups underrepresented in biomedical research are strongly encouraged to apply.

* Do you currently hold a full-time faculty or equivalent position at an institution in North America (United States, Canada and Mexico)?

Please select:
If you will not hold a full-time faculty or equivalent position by the start date of this award, you are ineligible to apply and should not continue further with this application. Please reach out to awards@gastro.org with any questions.

Early Career or Established Investigator Status

* Are you an Early Career investigator?

Please select:
AGA defines "early career" as follows:
- MD (or equivalent): No more than seven years have elapsed since the completion of clinical training (residency fellowship or equivalent) and the start date of this award (April 2023).
- PhD (or equivalent): No more than seven years have elapsed between conferment of the degree and the start date of this award (April 2023).

NOTE: Early career applicants must have a mentor who supervises the principal investigator's research activities ensuring timelines and deliverables. You must upload a biosketch and letter of support from your mentor in Section 5: Key Personnel.
NOTE: Applicants at the instructor or assistant professor level are required to submit a letter of recommendation from their division chief or department chair that outlines support of the research project. You must provide the sponsor's letter of support in Section 5: Key Personnel.

Independent Investigator Funding

* Do you currently have, or have you previously had, independent investigator funding?

Please select:
Independent investigator funding is inclusive of NIH R01 or equivalent grants where you were a principal investigator (PI) or one of a multi-PI team. Mechanisms considered R01 equivalent include DP1, DP2, DP5, R01, R21, R03, R1, R22, U01 and R33 from the NIH and IQ1 from the VA.

NOTE: Applicants who are independent investigators with established research programs are required to delineate how the proposed aims are unique relative to previous lines of investigation in Section 6: Project Information Overview.

Resubmission Status

* Have you previously submitted this proposal to AGA for funding?

- Yes
- No

NOTE: If this proposal is a resubmission, you must submit a Resubmission Report in Section 12: Required Uploads.
Principal Investigator & Current Institution

The user that creates the proposal is pre-loaded as the PI. Contact information from their professional profile is shown below. To update this profile, click Edit Professional Profile. To change the PI, select from the list and click the "Save" button to confirm selection.

Academic Position Details:

* Enter the date that you completed your clinical training or received your terminal degree.

* Enter the date that you were, or will be, appointed to a full-time faculty position.

Applicants must have a full-time faculty position before the start date of this award (April 2025).

* Will your academic rank change before
  - Yes, I will assume a new rank before the start date of this award.
  - No, I will remain in my current rank.
**Principal Investigator Disclosure Statement**

Applicants must disclose any arrangements or relationships relevant to the submitted proposal. These may include arrangements or relationships with:

- A company whose product is featured prominently in the submitted proposal.
- A company making a competing product to one that is featured prominently in the submitted proposal.
- Any organization or entity connected to this funding opportunity (e.g., as noted in the award title or funding acknowledgments).

**Do you have any arrangements or relationships to disclose?**

- [ ] No, I do not have any arrangements or relationships to disclose.
- [ ] Yes, I have arrangements or relationships to disclose.

Applicants must disclose any arrangements or relationships relevant to the submitted proposal. These may include arrangements or relationships with:

A company whose product is featured prominently in the submitted proposal. A company making a competing product to one that is featured prominently in the submitted proposal. Any organization or entity connected to this funding opportunity (e.g., as noted in the award title or funding acknowledgments).

**Disclosures**

Type up to 5000 characters

0 out of 5000 characters

In the space above, disclose all relevant arrangements or relationships (e.g., employment, consultancies, honoraria, stock ownership or options, grants or patents received, royalties, or leadership positions).

**Signature**

I, the Principal Investigator, certify that I have disclosed all arrangements and relationships that are relevant to this proposal. I understand that failure to disclose relevant arrangements and relationships may result in the immediate termination of my eligibility and/or forfeiture of AGA award funds. By typing my name in the field above I acknowledge that I agree with the above statements.

Proposal Tax: American Gastroenterological Association
Program: Pilot Research Awards & Augustyn Award in Digestive Cancer
Sub Programs:
Title (Applicant): Test (Khosravii, Sarah)
Deadline: 9/12/2024 4:00:00 PM (U.S. Eastern Time)
Key Personnel

Provide professional information for all members of the project other than the PI. Each Key Personnel entered on this page will receive an automated confirmation email from Proposal Central.

- If you are an Early Career Investigator, you must add a mentor and provide their biosketch and letter of support.
- If you are at the Instructor or Assistant Professor level, you must add a Sponsor (Division Chief or Department Chair) and provide their letter of support.
- If you are required to include a Mentor and Sponsor, and those are the same person, please enter their information under each category.

For applicants who are required to include a mentor and/or sponsor and their associated materials according to the above instructions, please note that failing to identify a mentor/sponsor or to supply their associated materials will make the application ineligible for review.

Project Information Overview

Abstract
Provide a summary of the proposed project.

* Abstract
Type up to 2000 characters

0 out of 2000 characters

Research Delineation
Please leave blank if not applicable.
Independent investigators with established research programs are required to propose aims that represent new directions. In 1000 characters or less, explicitly delineate how the proposed aims are unique relative to your previous lines of investigation.

* Research Delineation
Type up to 1000 characters

0 out of 1000 characters

Digestive Health Relevance Statement
Describe the relevance of this research to human digestive health in 1250 characters or less. Investigators should describe how, in the short or long term, the proposed research would contribute fundamental knowledge and/or application of that knowledge to enhance digestive health or to reduce illness and disability among patients with digestive disorders.

* Digestive Health Relevance
Type up to 1250 characters

0 out of 1250 characters

Study Population
Describe and justify your study population in 1500 characters or less. As appropriate based on the type of investigation, include:
- Plans for including sex as a biological variable.
- The age, sex, racial and ethnic demographics of human subjects. For studies involving human data or biospecimens, include demographics of the source population.
- The rationale for selecting a specific model system and lines thereof (for example, cell, organoid, or mouse lines).

* Study Population
Type up to 1500 characters

0 out of 1500 characters
**Study Population**
Describe and justify your study population in 1500 characters or less. As appropriate based on the type of investigation, include:
- Plans for including sex as a biological variable.
- The age, sex, racial and ethnic demographics of human subjects. For studies involving human data or biopspecimens, include demographics of the source population.
- The rationale for selecting a specific model system and lines thereof (for example, cell, organoid, or mouse lines).

**Clinical Guideline Relevance**
Please leave blank if not applicable.
If your project addresses any evidence gaps highlighted in an AGA clinical guideline or clinical practice update, please cite the guidance document and briefly summarize those aspects of the investigation in your statement. You may use up to 1000 characters for this summary.
**Note:** Project relevance to clinical guideline evidence gaps is not used in the evaluation of applications.

**Type of Research**
- Clinical Research: Research involving direct contact with human subjects or using clinical data to address problems related to the prevention, diagnosis, treatment, or outcome of human diseases (e.g., clinical epidemiology). This category also includes research related to health care delivery (e.g., health services, health IT).
- Basic/Translational Research: Research with a primary goal of understanding basic biology or disease mechanisms. This category can involve animal subjects, cell culture, human biopspecimens or human data as resources for laboratory- or informatics-based investigation.

**Area of Research**
Select the category that best describes your proposal's area of study.
Organization Assurances

Human Subjects
If the proposed project is funded, a copy of the institutional approval must be provided to AGA prior to funds disbursement. If approval is not necessary, then the recipient must provide documentation from the appropriate regulatory committee.

- Does your project require institutional approval for the use of human subjects?
  - Yes
  - No

If yes, Status of Institutional Approval:
- Approved
- Pending
- To Be Submitted
- Exempt
- Not Applicable

Vertebrate Animals
If the proposed project is funded, a copy of the institutional approval must be provided to AGA prior to funds disbursement. If approval is not necessary, then the recipient must provide documentation from the appropriate regulatory committee.

- Does your project require institutional approval for the use of animals?
  - Yes
  - No

If yes, status of institutional approval:
- Approved
- Pending
- To Be Submitted
- Exempt
- Not Applicable

**Budget Period Detail**

**Budget**

Complete a budget for the full term of the award and adhere to the guidelines noted below on allowable and unallowable costs.

This award is intended to support direct research-related activities and may be used to support a new endeavor or an ongoing basic or clinical research project.

The following expenses are allowable:
- Salary and benefits of the principal investigator (i.e., applicant).
- Salary and benefits of research assistants, laboratory technicians or other key personnel.
- Biostatistics support.
- Supplies, animals, equipment and/or other materials necessary for the proposed research.

The following expenses are not allowed:
- Salary and benefits of the mentor.
- Indirect costs.
- Travel costs.

**Budget Justification Narrative**

A budget justification narrative must be submitted in conjunction with your budget. Guidelines and instructions are found in the budget justification template (Section 11: Download Templates & Instructions).

**Enter Budget Amounts and Click Save to Calculate Totals.**

Program: Pilot Research Awards & Augustine Award in Digestive Cancer
Title (Applicant): Test (Kiesewetter, Sarah)
Deadline: 9/12/2024 4:00:00 PM (U.S. Eastern Time)

Signature Page

Required and optional signatures for application submission are listed below. Each user must log into ProposalCentral and e-sign the application in order for the application to pass validation and be ready to submit.

* Principal Investigator (Sarah Kiesewetter)

Signing Official

Before printing, please use the “validate” option (in the navigation menu to the left) to verify that you have entered all the required information.

After you complete all the proposal sections, click the Download button below to open and print the cover/signature pages and application files.

Download Application

You must have the FREE Adobe Acrobat Reader installed to view either of the above options. Attention Apple/Mac users: the default Apple PDF viewer will not work properly. Download the latest version of the Acrobat Reader from Adobe at http://www.adobe.com/products/acrobat/readstep2.html
Proposal To:  American Gastroenterological Association
Program: Pilot Research Awards & Augustyn Award in Digestive Cancer
Sub Programs: 
Title (Applicant): Test (Krasowski, Sarah)
Deadline: 9/12/2024 4:00:00 PM (U.S. Eastern Time)

Validate

Click the 'Validate' button below to check for any missing REQUIRED information or files. All missing required information will be listed on the screen. Please correct any missing information before proceeding to the next step - SUBMISSION. Validating the proposal DOES NOT submit the application to the funder. You must proceed to the submission page and click the Submit button there to complete the process.
